

Sherbet strawberry

■ 2,2lb of strawberries, 0,44lb of sugar, the juice of 2 oranges.

■ In a pan, made warm the orange juice with the sugar, move until the sugar is totally melted. Let cool in ambient temperature.

■ Rinse strawberries under the water, drain them, suppress the stalks, then mix them.

■ Mix the pulp of strawberries with the orange juice. Use your ice-cream maker machine.

■ *For a finer texture and without seed, you can filter the pulp of strawberry in a sieve.*
